46. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:53.
47. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:56.
48. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:59.
49. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:62.
50. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:65.
51. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:68.
52. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:70.
53. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:72.
54. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:75.
55. The isolated protein of claim 1, wherein the protein comprises an amino acid sequence of SEQ ID NO:78.
56. The isolated protein of claim 1, wherein the protein is selected from the group consisting of PfspG5₉₀, PfspG5₇₁, PfspI₁₅₅, PfspN5₃₅₃, PfspN6₁₃₅, and PfspJ₇₂.
57. The isolated protein of claim 1, wherein the protein is produced recombinantly.
58. A composition comprising the isolated protein of claim 1.
59. The composition of claim 58, wherein the protein is selected from the group consisting of PfspG5₉₀, PfspG5₇₁, PfspI₁₅₅, PfspN5₃₅₃, PfspN6₁₃₅, and PfspJ₇₂.
60. The composition of claim 58, wherein the protein comprises an amino acid sequence of SEQ ID NO:62.
